Escape the 🧪ab

Multiple choice

When should a DMP be filled?
A) At a grant submission
B) At the end of a project
C) As soon as possible

Answer: C)
And the DMP must be updated regularly until the end of the project.

Escape the Lab

True/False

Researchers in some specific disciplines are not required to fill in a DMP.

Answer: False

Funders are requesting a DMP whatever the discipline is.

Escape the Lab

True/False

Only projects with a DMP are now accepted by the SNSF (and other funding agencies).

Answer: True

A DMP is now requested with almost every grant mechanism of the SNSF.

Escape the Lab

True/False

The more detailed a DMP is, the more chance a project has to be granted.

Answer: False

The DMP has to be plausible but is not peer-reviewed, and plays therefore no role in the approval process.

Escape the 🧪ab

True/False

I can ask for extra money for the management of my data.

Answer: True

Up to 10'000 CHF can be asked to SNSF for datastewardship and upload in a repository.

Escape the Lab

True/False

Daily work of the whole team is impacted by the data management.

Answer: True

Each member of the research group must take care of good data handling.

Escape the Lab

Surprise!

The SNSF has returned your DMP to you because it was not considered as plausible, and the funding for your project has not been released.

➡ Skip your turn!

Escape the Lab

Surprise!

You ask the librarians for help reviewing your DMP.

➡ You can take a spare card from another player if you like!
